Yes

(Answer all questions in this section)

 Clarify exactly where they are going, seek to ensure they exit the station at the right exit escorting them if necessary and are clear on the instructions

Recognising this is stressful for customers, maintain up to date & accurate information and advise on alternative

4. If there are significant delays to train services, which of these describes the best option for customers?

Inform them you're unsure but seek the answer for the customer by asking a colleague at the ticket gates or ticket

 Provide a refund on their ticket and offer a complimentary tea or coffee The station to arrange taxis home for them, staff to stay away from waiting area, all screens to offer Network Rail's

following best describes the preferred option for creating outstanding customer service?

Staff are visible and deal reactively with queries if approached by a customer

Staff are visible and proactively approach customers to see if they need help

- **5.** A customer has missed the train due to a platform alteration. The customer is becoming stressed and angry towards you and wants to complain regarding the service provided not being good enough. Which of the following is likely to offer the best customer resolution?
- Raise your voice and ask them to calm down or you won't be inclined to help them Ensure you have the correct information of when the next service is and offer to get them a complaint form Give the customer your full attention and listen to their complaint, acknowledge their position, apologise, and help
- You have explained to the best of your ability. It's not your fault that they still don't understand Customers have varying abilities and everyone is able to understand and process instructions differently. You try to

6. You have given very clear instructions to a customer but they still look confused. What would you do next?

- understand your customer's needs and respond appropriately. Perhaps English isn't their first language or they have hearing difficulties You pass them onto another colleague who is more patient when dealing with the general public 7. A customer approaches you to ask for a cash machine. You happen to be standing very close to one but as you direct
- Direct them towards an alternative cash machine and get on with your duties Direct them towards an alternative cash machine report the machine as out of service and arrange a sign advising where there is an alternative machine 8. You are working during a busy evening peak when the local underground/metro system grinds to a halt because of

electrical supply problems. Lots of customers are frustrated as they were on their way home and their train has been

terminated at your station. You find yourself on the concourse with a particularly angry passenger shouting loudly in

explaining that the delay is out of your control but that you will help with alternative options, keeping your radio close

9. A customer stops you on the concourse to ask if their ticket is valid for travel on a particular service. You are not sure.

Usher them away and tell them the underground/metro system is not your problem and they should speak to

Direct the customer to it nonetheless because it's not a Network Rail machine and they can call their bank for help

someone who works for the underground/metro. You have many customers of your own to look after who are your priority. Attempt to diffuse the situation by acknowledging their frustration, apologising for any inconvenience and politely

Immediately shout for police assistance in the hope that this angry individual is escorted off the premises

Inform them you're unsure but tell them to travel anyway as, the ticket gates are open

Just say yes, it's the quickest and easiest answer which will allow your to get back to your day job • Inform them you're unsure but seek the answer for the customer, by asking a colleague at the ticket gates or ticket office 10. Our stations are very safe and secure, this is because we work hard to deliver a safe and secure railway network for everyone and we have a strong safety culture. Whilst carrying out your patrol you come across a liquid spillage in a public thoroughfare, do you?

Report the spillage to the station control and continue with your task, it is important to focus on your job

Remain close to the spillage, deterring the public from interfering until you are able to ensure the spillage is

11. You spot someone asking a customer for money. They appear to possibly be homeless. Which of the following is the

Assume the spillage is being taken of as there are cleaners nearby; they are trained to deal with it

Immediately tell them to leave. We don't allow begging and it doesn't create a nice atmosphere for our customers Politely confirm what they are doing and deal with it appropriately on the merit of their response. We can't assume that they aren't one of our customers Give them some change and politely ask them to leave **12.** Which of the following is most likely to determine if a person is acting suspiciously...? Someone who looks shifty and looks like a criminal, go with your gut instinctive

Someone whose behaviour does not appear typical of what you would expect for the environment and appears to

O No one is really responsible, accidents generally happen where there are lots of people, it's not really anyone's fault

Members of the public are responsible for their own safety; they are the cause of the accidents in the first place

• Everyone is responsible for public safety, but especially those who manage public places as they are better able to

It's about preventing shoplifting and begging as they can detract from the customer experience O It's about stopping people leaving bombs in stations. Terrorism is the main threat we face It's about preventing any activity which is crime related and which may cause customers to feel less secure as a

15. You see a customer approaching the escalator with two suitcases and a young child. There is a lift behind the

Approach the customer to request they use the lift, and direct them to it, accompanying them if they need help

• The threat level that indicates the likelihood of a terrorist threat in the UK issued by a Government Department **17.** Contractors often come and do maintenance and building work on our stations. You spot a contractor doing work that you do not recognise and they aren't wearing an approved visitor's pass. Do you? Assume they're fine as challenging them could cause embarrassment. They've probably just forgotten to put their

• Politely ask them if you can see their visitor's pass as all contractors must have signed in at reception and had their

19. Network Rail runs, maintains and develops Britain's rail tracks, signalling, bridges, tunnels, level crossings and many

Ask them to stop work immediately and come with you to the reception so you can investigate further

British Rail National Rail **20.** What does the abbreviated term BTP refer to? British Train Police

key stations. But we don't actually run train services for passengers. Who does?

21. Approximately how many journeys are made on Britain's railway each year?

holidays. Are you willing and able to work these shifts when required?

O No 23. This role will require you to work in pressurised conditions such as emergency situations where you may be dealing with a fire or medical incident. Please can you confirm you are able and willing to work in such conditions? O No

22. This role involves working rostered shifts which may include early starts, late finishes, nights, weekends and bank

Other - Please Specify

By proceeding with your application, you are confirming you have read and understood the above statements and acknowledge these are a condition of your application progressing. Declaration of Application
